EXCERPT FROM
SAC LT. NO. 124
Series 1952

(D) COMMUNIST PARTY, USA - MEMBERSHIP - INTERNAL SECURITY - C -- Recently a reliable source advised that District No. 5 (Western Pennsylvania) Communist Party leaders have issued an order to register all Communist Party members of the "Hill Section" of Pittsburgh, Pennsylvania, by January 1953. No cards, books, or receipts are to be issued. As a further security measure, the only record kept of payments by members will be reversed initials of the members. For example, Fred Jones would be recorded as "J.F." All offices should be alert to the obtaining of all pertinent information relating to the Communist Party registration which is now under way and the Bureau should be kept currently informed.

In connection with the above-mentioned security measures, you are referred to Section G of SAC Letter No. 83 dated August 29, 1952, which points out that in at least one district records concerning membership, funds, etc., are still maintained. Therefore, it should be borne in mind that security measures such as the use of reversed initials in registering members may well be only a tactic to reassure the members but, in fact, in all probability complete records are being maintained. Every reasonable attempt should be made to locate and ascertain the content of such records.

COMMUNIST PARTY, USA
MEMBERSHIP
TS - C

Rebulet 11/28/52.

In compiling membership statistics of the Communist Party, USA, for the years 1919 to 1952, the question arose: What is a Communist Party member?

The current constitution of the CPUSA states that "A Party member is one who accepts the aims, principles and program of the Party as determined by its constitution and conventions, who belongs to a club and attends its meetings, who is active in behalf of the Party, who reads the Party press and literature and pays dues regularly".

With respect to dues, the constitution provides that Party members, three months in arrears in payment of dues cease to be members in good standing and members six months in arrears shall be dropped from membership.

From the figures encountered from various sources, it was difficult to determine whether they referred to dues paying members, registered members or actual members. JACK STACHEL once observed that dues paying members averaged 60 percent of the actual membership.

Actually, according to the constitution, only dues paying members in good standing should be considered as members. For the purpose of this compilation, however, the criterion of actual membership was used, i.e., all members in good standing plus those not in good standing because of failure to pay dues regularly, but who nevertheless remain on the Party's rolls till dropped. It was felt that this category would give a more accurate picture of the Party's membership than either of the other two.

The underlined figures are those believed to be, in the opinion of the New York Office, the best estimate of the Party's actual membership during any particular year although the Bureau should feel free to make its own estimate on the basis of the statistics set forth.

The figures contained in this letter were compiled from rebulet, from reports, books, pamphlets, magazines, publications and files available in the New York Office, and from In each instance the source is given.

Re mylet September 30, 1952, concerning the estimate of CP membership in the Buffalo Division.

It is estimated that there are approximately 254 CP members in that part of the Sub-District of the CP which lies in the Buffalo Division. This figure is broken down as follows:

On June 17, 1952, [] of known reliability, advised SA EDWARD J. THILL that on June 11, 1952, SHIRLEY KAPLAN, a member of the Executive Committee of the Erie County CP, stated during a CP meeting, that there were as of that time about 200 CP members in the Buffalo area. According to the informant, this includes Lackawanna, Tonawanda, and North Tonawanda, New York. SHIRLEY KAPLAN reportedly advised that there are no members in Niagara Falls, New York.

b7D

On November 18, 1952, [] of known reliability, advised SA LAWRENCE F. MUNLEY that as of that time there were approximately thirty-three (33) CP members in Monroe County, which includes Rochester, New York.

[] of known reliability, on May 21, 1952, told SA CHRISTOPHER W. NELSON that there were eleven (11) CP members in the Jamestown, New York area.

b7D

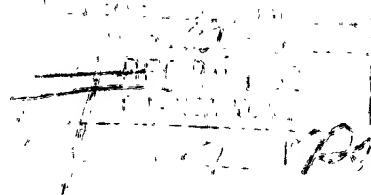

[] of known reliability, advised SA LOREN E. BIDWELL on April 18, 1952, that there were ten (10) members in the Elmira, New York area.

The foregoing information is being submitted so the New York Office will have figures on the membership in the Buffalo Division for inclusion in its quarterly report on District No. 2.

On 12/30/52, [] furnished to the writer for photostating a form used to register members in the Communist Party for 1953.

b7D

According to the informant the following information was solicited from each member:

Sex, age, time in party, National origin, occupation, Union affiliation, Mass organizations.

In regarding this information informant explained that the registrar and a form with the above seven captions listed in a horizontal column. Vertically on the form was a column numbered 1 through 10 beginning at the bottom. Each member his or her last initial on its back of the numbered portion together with the number which had been assigned to her club, e.g. B 4. Clubs were referred to by number and not by name. On the front of the sheet was the number of the registrant and the above listed items e.g. Sex, etc.

After each number is properly executed, it was torn off separately from the other numbers. As a result of this procedure, the identity of the registrant was known only to the registrar.

The original form was returned to the informant. However, a photostatic copy of the registration form is maintained as serial # 34, []

1953 Registration of Membership
Now Taking Place

Confidential Informant T-39 reported that in Queens County in New York City, the 1953 registration of Communist Party membership began the second week in December, 1952. Informant said that during this registration, the following information was solicited from each member:

1. Sex
2. Age
3. Time in Party
4. National origin
5. Occupation
6. Union Affiliation
7. Mass organizations

In recording this information, Informant explained that the registrar used a form with the above seven captions listed in a horizontal column. Vertically on the form was a column numbered one through 10, beginning at the bottom. Each member signed his or her last initial on the back of the numbered portion, together with the number each had been assigned to his or her club, e.g. B4. Clubs were referred to by number, not by name. On the front of the sheet was the number of the registrant and the above-listed items 1-7. No other information appeared on this particular sheet.

After each number (1-10) was properly executed, it was torn off separately from the other numbers. As a result of this procedure, the identity of the registrant was known only to the registrar.

NY 100-4931

Ages were recorded as follows:

Under 21, 21 to 25, 26 to 35, 36 to 45, 46 to 55,
over 55.

Length of time in the Party was noted in this
manner:

1 to 2 years, 3 to 5 years, 6 to 10 years, 11 to 15
years, 16 to 20 years.

Occupation was listed under the following categories:

Heavy industry, light industry, white collar,
self-employed, unemployed.

During the registration, Informant said, a separate
record was made of the number of members who belonged to various
unions and it was indicated that members of the following unions
would be transferred from community clubs to industrial clubs:

Amalgamated Clothing Workers
International Association of Machinists
International Brotherhood of Electrical Workers
Longshore
Teamsters
Building Trades
Maritime

A weekly record of the registration was to be turned
in to the Regional Financial Director until the registration was
complete, Informant reported.

According to the Informant, quotas listed below were
to be achieved on the following dates:

December 22, 1952	25%
December 29, 1952	40%
January 6, 1953	60%
January 13, 1953	75%
January 20, 1953	90%

NY 100-4931

January 27, 1953	95%
February 3, 1953	100%

Informant stated that a record of dues payments was maintained by each club organizer in the form of a list containing the initials of each member and the amount of dues each paid.

New Demands to be Made on
Communist Party Membership

Confidential Informant T-7 stated that the Party is presently considering making more demands of the membership in the form of additional self-sacrifices, more activity and greater financial aid. Informant said that the Party will define the requirements of Party membership and ~~it is believed~~ that as a result of its efforts, many rank and file members will drop out of the Party, but that the Party welcomes the dropping out of these weak members.

According to the Informant, the tactical question that has arisen with the leadership as a result of this attitude is how to approach the membership with these new demands. Informant said the Party is considering the issuance of an article that would open up the whole question of what is expected of a Communist Party member by raising the question for discussion purposes. Informant said that it is proposed to first ideologically rearm the membership and secondly to follow through with organizational methods by giving the comrades added tasks to prove themselves, or making demands for more activity, or more funds. Informant said that if these demands are not carried out disciplinary measures will be taken.

Confidential Informant T-2 reported that the 1953 registration is under way and that section organizers are advising branch organizers to register "only those they wish", that is, only those in whom they have confidence. According to Informant, only four questions are being asked:

1. How long have you been in the Communist Party?

NY 100-4931

2. What organization do you belong to (social, fraternal, union, etc.)?
3. Are your dues paid (a member will not be re-registered until his 1952 dues are completely paid)?
4. Do you read and contribute to the "Daily Worker" (this does not mean that a member must subscribe to this publication)?

Informant stated that the branch or group secretary writes the answers down, not using names, (since he has his own means of identifying the member) and sends a summary to the section. The section will report the figures to the state and the state, in turn, to the national leadership.

This section was prepared by SA RUSSELL S. GARNER.

Membership of District No. 2

Current estimated membership of the Communist Party in District No. 2, which comprises New York State, is 12,000.

Current estimated membership in the New York Division is 11,502.

1953 Registration of Membership
Now Taking Place

Confidential Informant T-12 reported that in Queens County in New York City, the 1953 registration of Communist Party membership began the second week in December, 1952. Informant said that during this registration, the following information was solicited from each member:

1. Sex
2. Age
3. Time in Party
4. National origin
5. Occupation
6. Union Affiliation
7. Mass organizations

In recording this information, Informant explained that the registrar used a form with the above seven captions listed in a horizontal column. Vertically on the form was a column numbered one through 10, beginning at the bottom. Each member signed his or her last initial on the back of the numbered portion, together with the number each had been assigned to his or her club, e.g. B4. Clubs were referred to by number, not by name. On the front of the sheet was the number of the registrant

NY 100-26603

and the above-listed items 1-7. No other information appeared on this particular sheet.

After each number (1-10) was properly executed, it was torn off separately from the other numbers. As a result of this procedure, the identity of the registrant was known only to the registrar.

Ages were recorded as follows:

Under 21, 21 to 25, 26 to 35, 36 to 45, 46 to 55,
over 55.

Length of time in the Party was noted in this manner:

1 to 2 years, 3 to 5 years, 6 to 10 years, 11 to 15 years, 16 to 20 years.

Occupation was listed under the following categories:

Heavy industry, light industry, white collar, self-employed, unemployed.

During the registration, Informant said, a separate record was made of the number of members who belonged to various unions and it was indicated that members of the following unions would be transferred from community clubs to industrial clubs:

Amalgamated Clothing Workers
International Association of Machinists
International Brotherhood of Electrical Workers
Longshore
Teamsters
Building Trades
Maritime

A weekly record of the registration was to be turned in to the Regional Financial Director until the registration was complete, Informant reported.

NY 100-26603

According to the Informant, quotas listed below were to be achieved on the following dates:

December 22, 1952	25%
December 29, 1952	40%
January 6, 1953	60%
January 13, 1953	75%
January 20, 1953	90%
January 27, 1953	95%
February 3, 1953	100%

Informant stated that a record of dues payments was maintained by each club organizer in the form of a list containing the initials of each member and the amount of dues each paid.

New Demands to be Made on
Communist Party Membership

Confidential Informant T-7 stated that the Party is presently considering making more demands of the membership in the form of additional self-sacrifices, more activity and greater financial aid. Informant said that the Party will define the requirements of Party membership and it is believed that as a result of its efforts, many rank and file members will drop out of the Party, but that the Party welcomes the dropping out of these weak members.

According to the Informant, the tactical question that has arisen with the leadership as a result of this attitude is how to approach the membership with these new demands. Informant said the Party is considering the issuance of an article that would open up the whole question of what is expected of a Communist Party member by raising the question for discussion purposes. Informant said that it is proposed to first ideologically rearm the membership and secondly to follow through with organizational methods by giving the comrades added tasks to prove themselves, or making demands for more activity, or more funds. Informant said that if these demands are not carried out disciplinary measures will be taken.

NY 100-26603

Confidential Informant T-2 reported that the 1953 registration is under way and that section organizers are advising branch organizers to register "only those they wish", that is, only those in whom they have confidence. According to Informant, only four questions are being asked:

1. How long have you been in the Communist Party?
2. What organization do you belong to (social, fraternal, union, etc.)?
3. Are your dues paid (a member will not be re-registered until his 1952 dues are completely paid)?
4. Do you read and contribute to the "Daily Worker" (this does not mean that a member must subscribe to this publication)?

Informant stated that the branch or group secretary writes the answers down, not using names, (since he has his own means of identifying the member) and sends a summary to the section. The section will report the figures to the state and the state, in turn, to the national leadership.

NY 100-26603

ADMINISTRATIVE PAGEMEMBERSHIP

(Bureau file 100-3-68)
(New York file 100-80638)

All Security Informants on Communist matters in the New York Division were queried concerning the membership total in District No. 2 at the present time, but none of these Informants could give any current figures.

Membership of District No. 2 was, therefore, estimated in the following manner:

Current estimated membership in the Albany Division is 244, and in the Buffalo Division, 254. Bulet dated December 18, 1952 reflected that the present estimated membership of the Communist Party in the United States, exclusive of District No. 2, is 13,032.

In a document containing membership figures which were apparently membership statistics for all Communist Party Districts in the United States, made available by Confidential Informant T-4 on March 30, 1951, it was found that the membership of District No. 2 was 47.75 of the total national membership, whereas membership of the districts outside District No. 2 was 52.525 of the total national membership. In the belief that this same approximate ratio of membership prevails currently as formerly, it was computed that there are approximately 12,000 members in District No. 2 at present.

Since, as indicated hereinbefore, there are 498 members in the Albany and Buffalo Divisions, these figures, subtracted from the estimated total of 12,000 New York State membership, give a current approximate total of 11,502 in the New York Division.

For the Bureau's information, on 1/27/53 orally informed SA JOSEPH E. GAUZENS, JR. that he had recently learned from MERCEDES ARROYO, a member of the New York State Committee of the Communist Party, that as a result of arrests by the FBI of top CP leaders, the Party is dormant.

b7D

ARROYO told informant that at the most the Party now has no more than 20,000 members in the US in contrast to the 80,000 members in the Party during EARL BROWDER's regime.

The original of this information is in NY 100-50983.

Date of report, January 8, 1953.

[redacted]
[redacted] a Section Committee meeting at
[redacted] house, [redacted]
[redacted] were present.

b7D

This meeting was to be one in which we were to discuss the Communist Party Draft resolution which appeared in the Sunday December 28 edition of the "Sunday Worker".

[redacted] gave her report and it was on the resolution and urged us all to read and reread it because many issues raised here, have been advocated in the years gone by, but we have not followed through with these suggestions, so we find ourselves in a rut year in and year out.

[redacted] that we must go back to the old system which in years gone by for instance the Jan. 1952 P. A. a specific instance where every Party member is assigned to his or her industrial Section if they work in vital industries such as Transport, Longshore, etc.

b7D

[redacted] gave a short talk on draft resolution and specified that it is urgent that in order to get a clearer understanding we must read and re-read it very carefully and to discuss it at our club meetings.

[redacted] who had been to Washington over the weekend of January 3rd on the [redacted] was very tired and wanted to submit a few remarks before leaving.

[redacted] that she is asking the Section staff to release [redacted] for about five weeks because she is going to school. We must appoint someone to take over her duties as organizer while she is away, the Section or rather the Regional staff has discussed this problem and a few names were submitted, [redacted] is slated for another assignment later on and that leaves us with [redacted] she is not here at present so when she does come she will be told about it and then [redacted] can pass the answer over during the week.

b7D

[redacted] came in and [redacted] explained the situation to her and [redacted] said that she has to decline because starting Monday she is going to work full time and with her other obligations it would be humanly impossible to take on this task.

[redacted] was very disappointed and said that maybe we could work something out after she left.

[] resumed the meeting and discussed the [] case an interracial couple who live at [] and are fighting eviction, on the grounds that they obtained the apartment under false pretenses.

He in the Boulevard Section are responsible for this problem and we must lead in this struggle. Therefore, we must go to the [] apartment and get post cards and petitions from [] and she will tell us where to go for signatures.

We must go to the neighboring houses and get signatures against the landlord, the L.I.B. Corporation, a [] so that when the case comes to court on Thursday at 1400 Williamsbridge Rd., we can show that he is discriminating against a Negro and white couple, for no other reason but for their color. b7D

[] then outlined the [] case briefly and said that as the hour draws nearer to their death we must not give up the fight, but rather to go all out to save their life.

In connection with this there is planned a mass demonstration in the Times Square district on Broadway between 44th St., and 45th St. on the west side of the street at the Hotel Astor, on Sat. night January 10 at 8:15 p.m. sharp and lasting until 8:45 p.m.

We must not fail to appear, we must urge as many people as we can to be there in order to save the lives of the []

In line with this demonstration, and to bring before the people the true facts, there is going to be a special edition of the "Sunday Worker" on the [] case. b7D

This section is taxed with about three hundred papers and every club leader is to take a quantity and either sell or distribute them in this Jewish area or any other point of concentration.

Registration is of the utmost importance for the year 1953 and each group leader is going to get a mimeographed copy of all the information required and we are to go out and register each and every member of our group.

At this time [] gave out the registration blanks and each one had a number in the right hand corner. The following information was required age, sex, National Grouping, length of time, (in Party), Occupation, Present Union Affiliation, actual name and local name, Mass. No. whether a member of the L.Y.L. (asked of the Youth), and last under a # whether ever visited by police or FBI.

[redacted] people [redacted] to tear off each one and submit it to [redacted] who is going to handle registration, the numbers started with #1 at the bottom and went to #10 at the top.

These four important items, [redacted] registration and last the case of the Negro couple in Parkchester who are going to be evicted if we do not go to their assistance.

b7D

In this case we can go to the A. L. F. headquarters on Westchester Avenue near Castle Hill Avenue and work from there to collect signatures.

[redacted] tomorrow night about ten-thirty at her [redacted] house to discuss the taking over the leadership of the Section while she is away. She was going to be there also, and if any changes are made [redacted] phone tomorrow night.

Date of report Feb. 15, 1953

On Thursday night Feb. 12, I phoned LEO LEVINSON, who had just returned from a tour of the U. S. to California and back, and asked if I could see him for a short talk. He told me it would be o.k.

I then called ROSE CHARNY and asked her if she would be home tonight because I wanted to speak to her about something very important, she said that I could come and visit her.

I called JUNE FISHBEIN also, but she was not at home.

I visited LEO and we sat and talked about his trip, he enjoyed himself very much, he covered about 60,000 miles, MAX, his wife drove a great part of this mileage. The children age 4, and the other less than a year were in perfect health all during the trip, they praised the climate warm at in the daytime and cool at night.

They asked how the Section and Club was progressing and they also felt very bad about the Rosenberg Case.

I gave them a brief resume of what happened while they were away, now we were in the midst of a sub drive, and we have certain quotas to fulfill, very recently we had an inter-racial couple who lived at 2005 Vyse Ave corner of 178 St. and the landlord wanted to evict them, claiming they obtained the apt. under false pretenses because they claimed that the previous tenant was a relation of theirs. On these grounds the landlord wanted to evict them, the club Boulevard and the Italian Unity Club located at 183 St. and Arthur Ave., were the ones who obtained petitions in the neighboring houses in support of this couple.

They also supported the case in court and after two or three appearances in court the judge claimed that the couple were within their rights and they were allowed to remain in their apartment.

The other case involving discrimination was in Parkchester where a Negro couple faces eviction, and the Section with the County as a whole are fighting to keep this couple in their present apartment.

This case is not receiving the support it should, but up to now the case has been postponed until a later date and in this we are preparing further action.

He talked about personal matters, my family, sickness etc. and then I gave him a few (six) sub renewals and he promised to go out on them as soon as possible.

I asked if it was possible to get him and [redacted] to hold a meeting on Thursday of next week Feb. 19,. If I could arrange it [redacted] it would be alright with him.

He had renewed his sub with [redacted] last week when he returned from his trip.

I then visited [redacted] she was watching television when I came in, her husband was also home, I told her that there were a few things I wanted to take up with her. first if she wants [redacted] I then asked her if she would see [redacted] because I was to see her a few times but she was not at home, it concerns a [redacted] who is to be registered and [redacted] is the only one who knows his whereabouts.

b7D

I asked her if she registered her 5 people, and if so if she turned them in, she registered all but one and he does not want to reregister.

I asked her if she would see [redacted], if so see if she would hold a club meeting soon, [redacted] said that they are going to meet next week.

I told her I would get in touch with her soon and see how she made out with her commitments.

Concerning registration she said that is is a shame that [redacted] time on people who do not want to register or on those whom we have to run after, it is better to have a small well organized Party rather than a large dis-organized Party whom we have to chase for every little thing. I agreed with her but at present we have no alternative but to keep our Party together even if it is weak.

The Tremont Section, now changed to the Boulevard Section was to hold an section meeting at [redacted] house on [redacted]

[redacted] it was changed to [redacted] house. I asked her if she was coming she said no because the children were not sleeping yet so I went to [redacted] house alone at [redacted] house she was alone. I asked her if anyone else was going to be here. she said [redacted] might come over. on second thought it would be a good idea if we held the meeting at [redacted] house because he may not come. so [redacted] called [redacted] at told her that if anyone came to tell them to wait there for her.

[redacted] that a fellow from the county was going to speak press and the sub drive and registration so it would be better to hold the meeting at [redacted] house so he can gain the merit of the meeting.

he left for [redacted] house on [redacted] across the street from [redacted] went to [redacted] house and I went up to [redacted]

b7D

Later [redacted] came up and then a few minutes later this fellow [redacted] from the county came up.

He introduced himself and said his name was [redacted] and then after I shook hands with him he said that he heard all about me.

We did not waste much time and [redacted] asked him to give his report first.

On registration. the most important at this time this section is very bad. there is no report in the county as yet. we have about 55 members in the Section and not one name is turned in yet. He wanted to know how [redacted] not turning in these registration.

[redacted] told him that he had about five people registered. [redacted] said she had a few and at our last meeting those leaders present pledged to do all in their power to register their own people.

b7D

[redacted] wrote down those people who registered and then asked us to make commitments for next Sunday morning and to [redacted] registration slips to [redacted]

After telling us how important it was [redacted] as quickly as possible in order to go on with our next big job, the sub drive. In regard to this

sub drive he has heard that [] is a good sub getter and if it is possible for [] to get fifteen subs by this coming sub opening on Sat Feb. 7 at the Carver Book shop on Boston Rd.

I told him that I would try and get ten by then.

b7D

[] if I usually attend these public meetings sponsored by the Party. I told him that I do. He then asked me if I work []. I said yes. He asked if I had to take an oath for the job. I said yes. So then he said it would be better if I did not attend this meeting you can never tell there might be spies there and that I may be singled out.

I told him if it was a matter of security I would not attend.

[] left some sub renewal blanks and [] out a batch [] for the start of the drive.

b7D

[] on my job affiliation, where how long, how large a working force, what position in the [] what Section, if I knew of any Party members in the shop and if I objected to being transferred to the industrial.

I gave him my own personal reasons for not changing over sooner than this, and it is much more convient in this neighbor [], but he said that since he draft resolution a few months back, every worker who is in an important industry will be transferred to his or her industrial Branch in the Party and work from within.

I asked, if after working in a place so long and the Party decides to place people in their proper places in such industrial branches, if we can work so openly. The question arises if such a person is not a known C.P. member how can he function properly.

[] said that the Party is even changing its tactics. we are not going to expose our members if they are not known. But they will formulate policy on the job, by fighting for the wants and needs of the men, by working in the Union especially in Brooklyn where the left element is again gaining control, as witness the Tookey fight at the recent convention.

b7D

[] to read and reread the Draft resolution of a few months back in the Sunday Worker or to read the Dec. 1952 P.A. from which this draft resolution was taken from.

Concerning this matter of transferring over to the Industrial, we will let the matter drop until [] returns

from her School Course, then we can get together and decide the next move.

We then discussed the possibility of sending other people to school. [] definitely could not make it because [] is at present attending one. [] also finds it impossible because her husband does odd television repairs at night and she cannot leave the small children. [] was decided to canvass a few others for this school course.

[] made an [] to be at [] house this [] to discuss the whole membership the club leaders in regards to registration and how to conclude quickly, so we can devote our time to the Press and sub drive.

b7D

I told her I would be there about 5 P.M. he would also discuss with [] my position in the Industrial branch.

After he left, [] resumed our discussion on who we were to see and to see them as soon as possible. we finally agreed to be at [] house this Sunday morning [] and turn in all [] and by Monday night we will be almost complete.

A meeting of the [REDACTED] (New York, N.Y.) of the Communist Party was held on [REDACTED] at the apart. of [REDACTED] Bronx, N.Y.

at the meeting were present: [REDACTED]
[REDACTED]

The chairman of the meeting was [REDACTED]

The first order of the Business was the 1963 registration of the members. After this was over [REDACTED] made a report on the importance of the party (Communist) press.

She said that [REDACTED] and all the important leaders of the Old Socialist Parties and of the Communist Parties always stressed the importance of the press "to the movement." She spoke about "Iskra" (an underground publication of the Bolsheviks after the split of the Russian Social Democratic Party in which LENIN, BROWDER and other Bolshevik leaders participated) which "played an important part in the organization of the Russian working class and helped prepare the way which lead to the Socialist revolution."

She also spoke about the Bolshevik Newspaper "Pravda" (the Truth) which "led the struggle against the Tsarist regime in Russia. This struggle, as we know, ended with the overthrow of the Tsar and the establishment of the Soviet Union and Socialism". She stated that it wasn't an easy task to publish Socialist newspapers in the Russia of the Tsars: "Pravda", was suppressed 9 times by the Tsar's police and every time pravda appeared under a new name and kept on propagandizing and preparing the Russian people for the great Socialist revolution...."

"The Daily Worker", she said, "is our Pravda and our Pravda" and she called upon the members of the Finsbridge Club of the C.P. to help build The Worker and the Daily Worker.

[] told the meeting that although "we are not yet facing a situation forcing us to change the name of our press as Pravda had to do in Russia or publish an underground paper as Iskra was, but we also have trouble; The Daily Worker is losing circulation. We must not only put a stop to this dangerous situation but must put up a strong fight to increase the circulation of The Worker and the Daily Worker.

She spoke about "the reactionary movement and the government which would be highly pleased to see the Daily Worker go down" and she underlined that if this would happen "it would be a terrible blow to the entire progressive movement in the country; to the cause of unity among the negro and white people; to the struggle for peace and socialism. It is up to us to see that our Daily should continue to lead us in our struggle for a free and Socialist world."

b7D

[] said that "our responsibility to our press is now greater than ever before..." She said that the Kingsbridge Section of the C.P. "lost" for the last ten years over 50 members; "some fell out, some moved out of the section, we had over 125 members in the Kingsbridge Section and now we have about 75 members of which quite a few are unactive. It means that we, the remaining members must put in more energy in our work of building the Daily Worker."

She gave a quota for the Kingsbridge Club: 75 subs of the Worker (new ones and renewals) and a "bundle" of 200 Daily Workers a week for which the club will be responsible. The club accepted the quota and [] (he wasn't present at this meeting) was appointed as the Daily Worker director of the Kingsbridge Club. It was decided to do door-to-door canvassing with The Worker every week-end until the end of the circulation drive which is to last two months - February and March.

b7D

[] (Section of the C.P.) also said that the Party again decided to reorganize the clubs. She said that during the election campaign the clubs of the C.P. worked on the A.L.F. and that because of the concentration the clubs became too large. She said that "for security reasons and for better attendance of meetings and for more efficiency on the work the clubs will have to maximum of 5 members."

She also said that it is "desirable" that "each member should join a right wing mass organization. Our work must be done with the masses of the people and in these organizations we will find the material to work with".

[redacted] agreed with [redacted] that "it is politically correct" and that "Communists should concentrate their main activities within the right wing mass organizations. It was decided that within the next few weeks the members will pick out some mass organization which they will join. Organizations mentioned were: American Youth Congress, P.T.A., etc., [redacted] said that they will try to get a list of right wing organizations on the Section for reference.

(P) COMMUNIST PARTY, USA, - RECRUITING PROGRAM; DEVELOPMENT OF SECURITY INFORMANTS AND OBTAINING MEMBERSHIP INFORMATION -- During the last several months there have been indications in several different localities of a limited recruiting program on the part of the Communist Party. One division was successful in having [redacted]

[redacted] the Party during a local recruiting drive inasmuch as the office had received advance notice of the drive and had security informants and potential security informants [redacted] where they would be considered [redacted]

b7D

This is being called to your attention in view of the possibility that the Communist Party will engage in limited recruiting in your territory. As you are aware, it has been extremely difficult to obtain Communist Party membership for our security informants in the past several years and such a recruiting drive would afford an unusual opportunity for the advancement of your security informants. This opportunity should be pursued to the utmost both to obtain Communist Party membership for relatively new or potential security informants and to advance the standing in the Party of your present security informants. Any such recruiting program also provides opportunity particularly to obtain extremely accurate and reliable information concerning membership of the Communist Party. I cannot stress too strongly the need for securing accurate, reliable and up-to-date membership information not only on a district basis but on state and local bases as well. You should be on the alert for any indication of a recruiting drive on the part of the Communist Party in your territory and every opportunity afforded by such a drive should be seized and exploited to the utmost. In the meantime, additional emphasis should be placed on the development of good potential security informants who would be considered as logical recruits by the Communist Party in the event of a recruiting drive in your area. As you have been previously advised, it is absolutely essential that the field increase the quantity and quality of our security informant coverage in the shortest possible time. It is only through an alert aggressive program that you can expect to achieve the proper results and you should personally supervise the efforts of your office in this regard.

EXCERPT FROM
SAC LT. # 53-20

(T) COMMUNIST PARTY, USA - MEMBERSHIP - INTERNAL SECURITY - C -- The necessity of reporting accurate and current Communist Party membership information cannot be overemphasized. In order to insure that all offices prepare these reports as uniformly and as accurately as possible it is essential that the following instructions be closely followed.

In preparing your estimate as to membership you must utilize all available informants and sources of information which are able to furnish any data concerning membership. On the administrative page you should include an evaluation of all the sources utilized by you together with an evaluation of the degree of reliability of the figures furnished by each such source and of the final figures reported by you. Information from one source only is not acceptable

unless you are able to set forth factors demonstrating conclusively that the information from this source is definitely the most accurate and most reliable information available.

When it is necessary to make computations to arrive at the final figures reported by you, the actual calculations utilized should be shown. Each office must set forth all available information to explain any increase or decrease occurring since the last previous report concerning membership.

In instances where your informants state that in addition to a certain number of active members there are other individuals whom they describe by the use of some such term as "inactive" or "paper" members, the informants should be questioned closely as to the meaning of the terms used by them and the number of individuals they consider as falling under those categories. In addition you should in the administrative section explain fully whether the individuals so designated have been included or excluded from the total membership figures, giving detailed reasons for such inclusion or exclusion.

Obviously the best source for membership information is Party records or Party sources. You must, therefore, continue to devote your personal attention to the development of security informants or sources of information who are in a position to obtain such data from Party records or Party sources.

These instructions are applicable to any communication furnishing membership information to the Bureau and must be followed in the preparation of the quarterly report due at the Bureau on April 20, 1953, and all subsequent quarterly reports.

On 3/17/53, [] reported the details of a conversation he had with [], prominent CP member, on []

[] stated that recently her husband, [] defendant in the NY Communist trial, the indictment against whom was dismissed, conferred with WILLIAM PATTERSON of the Civil Rights Congress.

According to PATTERSON, the CP Underground is diverting to its own use funds which formerly were donated to the Civil Rights Congress. PATTERSON said that lately, he has had heated arguments with Underground representatives (names not disclosed) about this matter, and has charged them with impoverishing the Civil Rights Congress to the extent that it is in danger of going out of business. PATTERSON mentioned as an example of the situation the case of an individual (name undisclosed) who regularly contributed \$500 per month to the CRC, but who has been "stolen" by the CP Underground. In mentioning the CP Underground representation, according to the informant, PATTERSON called them the "Subway Brigade" and the "Sewer Brigade."

The informant said that many old-time Party members thus refer to the Underground members, whom they distrust, and who they believe would like to seize control of the Party.

[] further told [] that the Party realizes that it is presently stagnant, and attributes this condition to the fact that "no one trusts anyone else." The Party feels that it is infested with "stool pigeons," and as a result, "is afraid to do anything."

The Party recently issued instructions, [] stated, for the membership to become active in trade unions and other mass organizations. This activity, it is hoped, will rouse the membership in general from its present condition of lethargic indifference.

We held a general discussion and I learned the following facts:

1. That Rachel Young's ancestry is Jewish and that her father was a cleric in the Jewish church.

2. That Rachel Young has been a member of the Communist Party and involved in Progressive activities for twenty years.

3. That Rachel Young claims to have recruited hundreds of people into the Communist Party.

4. That Rachel Young has plans [REDACTED]

[REDACTED] by the name of Wyani Bomboni, thirty-five and unmarried, who is currently^{b7D} instructing Rachel how to dance. The obvious purpose as explained to me by Rachel Young is not only the opportunity [REDACTED] but also an opportunity to

indoctrinate this woman who is not a member of the party and to get her to perform at a musical fund raising venture which will take place at the Young home on a Saturday night in April.

5. That Rachel Young [redacted] her sister who is a Hindu dancer and who will dance at the above mentioned Communist Party Fund raising venture.

b7D

6. That the indoctrination classes [redacted] attend will be held and are currently being held every Tuesday night in a shack adjacent to [redacted] home and that five negro comrades are currently members of this class, that the instructor of this class is Lou Young, her husband, and that the issue currently being discussed in these classes is the Negro Question.

7. That Comrade Rachel Young is interested in possible recruitment of Mrs. ETHEL HILF, Social Studies teacher at the Fallsburg Central School who spoke on Guidance this evening at the Parent-Teacher Association meeting. She asked for Mrs. HILF's address which is Spring Glen, Ulster County, and declared that she will send literature to Mrs. Hilf clarifying the anti-semitic question now current.

8. That although Comrade Rachel Young thinks highly of Comrade Fannie Licht she thinks that Fannie Licht's [redacted] which was the supposed reason for Sylvia's attendance to the Young's home, was a despicable action.

b7D

9. That Comrade Rachel Young has been frequently sending American Labor Party and Communist Party literature to Superintendent of Schools Leon J. Weiss, of the Fallsburg Central School, that in her estimation Weiss' claims of being very Progressive are a form of hypocrisy. I have observed that both Lou and Rachel Young are on very intimate conversational terms with Leon J. Weiss. I mean by this, that at the first P.T.A. meeting LOU YOUNG spoke lengthily with Mr. Leon J. Weiss and that at tonight's meeting Mrs. Rachel Young spoke lengthily with him.

10. That Comrade Rachel Young has not informed her [redacted] that she and her husband are Communists.

b6
b7C

11. That Comrade Rachel Young has plans [redacted] b7D visit Principal Louis Blumberg's brother and his brother's wife Esterita at their Lake Huntington Hotel, that Estelle Blumberg is a frequent speaker at Communist and Progressive parties, that Estelle ran on the American Labor Party ticket last election and that Rachel Young thinks very highly of her.

12. That Principal Louis Blumberg is Progressively inclined, probably voted the American Labor Party ticket last election, that Principal Louis Blumberg's wife is not Progressively inclined politically.

13. That the mother of Charlotte, Mr. Leon J. Weiss' secretary is a very active Progressive and that Charlotte is active limitedly because she is afraid.

X 14. That Comrade Rachel Young holds Principal Louis Blumberg in the highest esteem.

15. That Mrs. Chester, owner of the Chester Zumber is an avid Progressive and a heavy financial contributor to Progressive causes, her contributions ranging to the sums of hundreds of dollars.

[redacted] classes of indoctrination and in Mrs. Rachel Young's plans are concerned, I informed Comrade Rachel Young to regard nothing as definite until I receive the consent of Comrade Fannie Licht.

[redacted] Comrade Rachel Young's [redacted] b7D his first name is Lou. Comrade Lou Young also claims to have a Jewish background. His wife explained that he is new as an instructor of Communist indoctrination classes. Comrade Lou Young stated that one hundred thousand Communists are all that is necessary to institute a Soviet America, that the necessary cadre machinery for this purpose is ready to function. Lou Young commented on [redacted] the Italian organizations in Yonkers

by advising me to ignore problems of religion and politics with these people and to fester the sores of whatever complaints they may have. He cited a case in which this technique was used in regard to the constructions of road in this area. When I asked him whether the use of force would be necessary to institute a Soviet America, he said that force would probably have to be used and of course he is for its use if necessary.

Report On Meeting Between [redacted]
[redacted]

b6
b7C
b7D

[redacted] in this area, I dispatched a note through the medium of [redacted] to his mother, asking her to pick me up at 7:45 p.m. The note was not delivered on time for the simple reason that the boy, not knowing its content, proceeded to attend a basketball game via school bus in Washingtonville. I was compelled therefore to place a phone call and Comrade Rachel Young agreed to pick me up at 8:45 p.m. at a spot previously arranged.

When she picked me up, I forwarded the instructions of [redacted] as explained in my March 7 report. She showed great disappointment as her plans [redacted] to become socially and actively involved in her area seemed extensive. At her house, she explained the situation to her husband, Louis Young who commented that [redacted] b7D [redacted] five days a week in this area and it appeared a shame that [redacted] get around a lot more. Nevertheless, they overtly accepted the instructions and said that they would discuss [redacted] more intensively with Comrade Fannie Licht.

I was introduced to a young negro woman, about twenty-eight, who lives in a wing of the Young home, by Rachel Young, who mentioned to her that I, Jim, would be attending classes with her. Other negro workers are also living in the Young home. They of course, have been receiving indoctrination as has also the hired man, who is an ex-A.A. (Alcoholics Anonymous) who has been working for the Young's for a two year period. His name is Frank O'Ryan. (I spotted it on an envelope.)

I was also introduced to Rae's brother, Eli, who is a modern blintz manufacturer. It is a fifty thousand dollar business. His blintzes (small apple and cheese pies)

are on the market under the street label. He owns a modern factory deep in the woods someplace. He is making a valiant attempt to get the Bird's Eye distributors of this state to distribute his product. Some Bird's Eye distributors are already distributing his product in Connecticut. He is Progressive and has a mechanical and inventive mind, having invented a considerable number of machines in the manufacture of his blintzes. He was a carpenter for a period of twenty years before blintzes. He claims that all he received for his carpentry was a bleeding ulcer. I was introduced to his wife who made the original blintzes and promoted them to local Monticello stores.

Rae informed me that a comrade in Glenwild who hires one of my colored school girls whose name is Odessa Robinson (a retarded learner) has been wanting to speak to me about Odessa. Odessa was carrying a copy of Freedom, the Negro Progressive paper in class today. Articles featuring Paul Robeson are included in this paper.

There was no class this evening because Comrade Louis Young had a large chicken order to fill. They will take place next Tuesday evening.

Developmental Facts - [redacted]

b7D

In accordance with yesterdays arrangement, I met Comrade Rae Young at [redacted]. She introduced me to her friend Paul, who was the man who had answered the phone when I called the Wadsworth number yesterday. He is a playwright and his play is being currently performed in all of the People's Democracies although he has realized little in the way of royalties. I was introduced to another playwright friend by the name of Herb (Sizer?) who wrote a play that I am about to acquire. I can't remember the name of the play although I do remember that the number 49 is a part of it. Rae Young claims that he too is blacklisted. I met Comrade Annie Goldfarb Rae Young's sister, the Hindu Dancer, who has also written a play that she has been working on for the last two years and which she is currently trying to get produced.

Rae Young stated that her husband might not be able to teach classes this week and that Dave would probably take his place.

Rae Young spoke to me lengthily of her early Communist Party activities in Brooklyn, of her numerous arrests, of chaining herself to the door of Jay's Department Store. Her other sister who is a Registered Nurse and lives at the 57th St. address (see yesterdays report) has a service history, and although she was active Progressively in the past her service connected nervousness has caused her to change her philosophy and Rae claims that she does not discuss politics with her.

I am to meet Rae Young tomorrow at her sister Sylvia Goldfarb's house, and I will be introduced as a book salesman to schools who lives in the country. Dave will be there and he will bring his wife along. Evidently Dave's wife lives in the New York City area while he chicken farms upstate.

Rae Young questioned me about why I became a Communist. My reasons were not satisfactory to her at first but I convinced her finally that we meant the same things. She said that a Communist becomes Communist for selfish reasons. I would not accept this statement but after considerable discussion there was overt agreement of views.

She commented that "solutions to all problems seem to be reorganization rather than a re-evaluation of the United Front and how to broaden it."

Commenting on the extent of her present Communist Party activities, [redacted] stated that frankly at this point she does not want to become a part of "that machine." She

COMMUNIST PARTY, USA, MEMBERSHIP

At an industrial division meeting of the Communist Party recently held and attended by a friend of the [redacted] b7D [redacted] advised the informant on [redacted] it was stated that only 5% of the Negro comrades in the Party in New York State have reregistered for 1953 of their own volition to date.

COMINFIL OF FUR WORKERS UNION

According to information furnished by [redacted] to the informant on [redacted] the Party has lost half of the rank and file members in the Fur Workers Union. Those comrades who remain are in daily struggle with the Union leadership.

COMINFIL OF SHOE WORKERS UNION

[redacted] advised the informant on [redacted] that the Shoe Workers Union has also lost many Communist Party members and there is confusion in the ranks on the eve of elections in the Union.

COMMUNIST PARTY, NEGRO QUESTION,

HAYWOOD recently had a critical session with a "committee" on the "MANN Document" and his criticism was rejected.

Report on Meeting Between [redacted] and Comrade [redacted]
Sunday, [redacted]

b7D

Not having been in contact with Comrade Dorothy Lombardo for a period of two weeks, I called Mr. Harold [redacted]'s home yesterday and told his wife to get in touch with Dorothy and to have her call me up. Today, approximately twenty four hours later, Comrade Dorothy Lombardo called.

She met me at the corner of [redacted] where I am to meet her again next Sunday.

I explained my activities in terms of my relationship with Comrade Ben Young. I told her that I thought Rachel Young was asking too many questions since she wanted to know who recommended me as a Communist Party member. Comrade Dorothy Lombardo casually stated that she, her husband Antonio Lombardo and Sylvia Lesh were the three people who had placed my name in. Dorothy continued to state that she would raise the objections I made concerning Ben Young to Comrade Fannie Light and that Fannie would put Rachel Young straight as to my position in the Party. My criticism of Rachel Young took the following form:

1. Rachel Young is not well informed as to the position I am in as a member of the Communist Party and is not taking the proper security measures. She has been careless in using my name and disclosing my vocation to her friends.

2. That Rachel Young's complaints about my "greenness" as a Progressive are annoying. (Comrade Dorothy Lombardo stated that of course I am green since I am so new in the movement)

3. That Rachel Young and the friends I reported in last week's report had committed an act of white chauvinism in regard to their criticism of the play "The Big Deal" given at Yugoslav Hall last week. (plot involved Negro nationalism Communist style and excluded whites which comrades objected to.)

b7D

I am to [redacted]
next Tuesday evening.

Comrade Dorothy Lombardo is taking lessons from Dave on Saturdays. Dave is the piano accompanist in Harold [redacted]'s interracial chorus.

Comrade Dorothy Lombardo explained to me today that Bill Kay has been read out of the Progressive Movement on the basis of his self admitted informing to the F.B.I. who have been questioning him on his past college activities as well as his present activities. Comrade Ben Dentain was sent by the Party to Bill Kay's home where Bill talked of the F.B.I. visits and his honest answers. Comrade Dorothy Lombardo, knowing that Bill Kay has knowledge of my Left Wing connections thought it best to warn me of his position. Not only this, but I shall receive further instructions on this score as a result of a special section meeting. I of course will do as I am told. If the above facts regarding Bill Kay are true, I will have a clearer indication as to whether this is another trap or not and would like to be informed for obvious security reasons.

Comrade Dorothy Lombardo again emphasized that I am a member of the [redacted] of this whole area and that I should make Comrade Ben Young aware of this fact.

In regard to Bill Kay, Comrade Dorothy Lombardo stated that she fears for Ruth Fox and [redacted] must in NO WAY be discharged as Communists.

Report on Meeting Between [] and Comrade []

In accordance with previous instructions, I met and was picked up by Comrade [] on the corner of []

b7D

[] stated that she has an appointment with Harold Silverman at four o'clock, so she drove to his home.

On the way over, she informed me that Comrade Harold Silverman and his wife are going to Florida for a week. She criticized this severely in terms of Florida negro policy and made the statement that he would definitely have to answer for this indiscretion. Of course I agreed with her. While she was in the home of Harold Silverman, [] reading a copy of Masses and the Mainstream that she had given me. As usual, there was a mass of other Communist literature in the car.

When she came out, I asked her if Harold had changed his mind. Dorothy Lombardo stated that he had not and that he still was going to Florida. I decided at this point to press the Bill Kay issue and here, Dorothy Lombardo made a definite slip.

I inquired about "thatscrewball, Bill Kay". Her reaction was an immediate defense reaction in which she sought to protect him. "He's not a screwball". Dorothy Lombardo said. When I inquired about how I should behave towards him, she replied in doubletalk terms. She mentioned something about not underestimating the F.B.I. and that the F.B.I. is presently following a policy of not doing anything because it better serves there purpose. I could not see the logic of this statement in terms of Bill Kay whom I was discussing.

Comrade Dorothy Lombardo inquired whether I had seen Sylvia Lesh or not. I responded that it was best for both of us if we did not see each other bearing well in mind that a very concerted and definite effort is afoot on the part of my Communist Leaders and Sylvia to []

b7D

My out so far has been interesting in the sense that I claim that I am an easy prey for any beautiful woman and that because of this fact [redacted]

[redacted] Dorothy Lombardo thinks this attitude of mine is childish of course, but I am maintaining it because it serves to [redacted] Sylvia Lesh who b7D really totally disinterests me. [redacted] with her originally to stop her annoying questions which constantly put me on some sort of spot. I am afraid that in this case I was a bit too successful. Sylvia has gone as far as to rent a room [redacted]. I state these sordid details for the purpose of clarifying my relationship with Sylvia Lesh in terms of the objectives that the Communist Party have in mind for me.

Note Comrade Dorothy Lombardo pointed out the fact that the home adjacent to that of Harold Silverman belongs to Harold's brother.

Comrade Dorothy Lombardo [redacted] Communist at present is to pull strings to get a job in Yonkers. She asked me to talk to prominent Republican Party leaders on this point and to go to work on it during the following week. b7D

I pressed the point of the Italian Social and Athletic Club situation by mentioning that I had spoken to Frank Bruno, an editor of the local Italian language newspaper "Il Corriere", and that he had specifically asked me to write up these organizations in English for the English page of the paper. I pointed out that I could manage to get a considerable amount of information of Italian organizations their structure, size, officers etc. by using this reporter angle. She commended me on this angle and said that I should further my relationship with Frank Bruno because it would be useful. She stated that she would take it up with Comrade Fannie Licht with whom she has a meeting this coming Thursday. Comrade Dorothy Lombardo stated that she would call me Friday night from New York City to let me know about a planned meeting for me with Fannie Licht.

I complained to Dorothy Lombardo again of the lack of security consciousness on the part of the Rachel Young group. I complained that there is no agreement between us on some sort of faked up history for me to spout to any possible questioners. The only fait accompli along these lines is that I have been introduced [redacted] I stated that when Annie had asked me where I lived, I had given her the truth because a specific prearranged plan along these lines had not been arrived at. I told her that my security was too important to allow these indiscretions to occur. I made these complaints to protect my obvious indiscretion. ^{b7D}

Note - one of the [redacted] an [redacted] where things are getting personal. I know very little about her background and feel that a security check would clear this matter up; if she is a Communist, I may have made some indiscretion. If she is not, all well and good.

Report on the First [redacted] by
[redacted] at the Home of Comrades [redacted]

b7D

Comrade [redacted] picked me up in his truck and drove me directly to his home. In the apartment directly adjacent to the kitchen where a Negro Comrade and his wife live, [redacted] the class commenced. I was formally introduced to the other Communist comrades present as [redacted]. Only first names were used in the introduction. The following comrades were present;

1. [redacted] on [redacted] ticket during the last election for [redacted]. He is from North Carolina, not well educated and was formally employed in a [redacted] where [redacted] he was discharged on the basis of union organizing activities (he received instructions along these lines from Communists in NYC) - a strike attempt and also because his employer considered him a Communist in lieu of his intimate associations with Comrade [redacted] whose Communist activities are well known in this area. Very talkative and ardent Communist whom [redacted] has been working on for some time.

2. [redacted] This is [redacted] brother. [redacted] managed to get his brother employed as [redacted]. He has a [redacted] record and spoke of [redacted] area of the [redacted]. He too is [redacted]. He is single; his brother is married.

3. [redacted] woman whom I mentioned in a previous report. She lives in the apartment in [redacted] home where the classes were held this evening. She has a child of about two years. She is not too expressive verbally.

b7D

4. [redacted] Quiet type, not very vocal, not too well educated. Relies economically on the [redacted]. Has been attending classes regularly.

5. [redacted] will not be a regular member of our classes. She will remain

with her sister Comrade Rachel Young until this coming Friday. Evidently, she too was involved with the meeting with Comrade Fannie Light who spent the weekend here and left yesterday morning. [] is well educated and constantly brought out the correct Marxian implications of our discussions. She is the [] and is in the process of completing a play that she has been working on for a period of two years.

6. []

7. Louis Young Comrade Louis Young acted as instructor of tonight's class and assigned next week's lesson^{b7D} which will be subsequently discussed.

8. []

[] Upon the termination of the class a woman introduced as [] came in. She is an exceedingly [] woman, about [] [] She spoke familiarly of a Larry, whom I assumed to be Larry Blumberg, Comrade Louis Young dropped her off at a nearby house on whose mail box was inscribed the name Jaffe. This [] is definitely a thinker along Communist Party lines and because of her obvious intimate association with the Youngs, I assume that she is one.

The class itself centered on a discussion of the Negro Question. Everyone participated in the discussion which lasted more than two hours. The book currently being used in the course is called "Theory and Practice of the Communist Party". This book is prepared by the National Education Department of the Communist Party. It is published by the New Century Publishers, 832 Broadway, New York 3, NY. Our lesson for next week is Lesson V which is on Socialism. The last lesson in this booklet is on the Communist Party itself.

With this assignment, Comrade Louis Young distributed accompanying reading material. He stressed the reading of the pamphlet entitled Socialism by A. B. Magil, New Century Publishers. Among the other literature distributed to the class was a pamphlet by Gus Hall entitled Marxism and Negro Liberation, New Century Publishers, Why I am a Communist by Benjamin J. Davis, New Century Publishers, Constitution of the Communist Party, published by the Communist Party, U.S.A. National Office 35 E. 12th St. New York 3, N.Y. and Economic Problems of Socialism in the U.S.S.R. by Joseph Stalin, International Publishers New York.

Re: MEMBERSHIP

(Bufile 100-3-69)
(New York file 100-80638)

This section was prepared by SA Joseph V. Waters.

Membership of District #2

The current estimated membership of the Communist Party in District Number 2 which comprises New York State is 12,200.

The current estimated membership in the New York Division is 11,832.

Confidential Informant T-6 has stated that a source believed by him to be reliable has informed him that the Communist Party now has no more than 20,000 members in the United States in contrast to the 80,000 members which the party had during the time EARL BROWDER was its leader.

1953 Registration of Members

Confidential Informant T-7 has described the form used by the Communist Party in its 1953 registration of its members in the Bronx as a mimeographed form 11" long and 7 3/4" wide. It has a number appearing on the upper and lower left-hand corners of the sheet, both numbers being the same. On the left-hand side of the sheet there are numbers from one to ten beginning at the bottom. Also appearing on the sheet are ten columns leaving space for the following information.

Numerical identification	Member Registered
Age of member	
Sex of member	
National Group of member	
Length of membership in Communist Party	
Occupation	
Union Affiliation with name and number of local	
Membership in mass organization	
Any membership in Labor Youth League	
Indication of Visit to member by police or FBI	

NY 100-26603

Confidential Informant T-7 noted that in the course of registration all information noted above is to be obtained concerning each member, with particular reference to his membership in a union and the type of work of that member. The informant had been given to understand that the Party is reverting to the policy of 1951 when every member of an important union or industry was to be placed in a proper unit.

The informant further noted that as each member was registered and notations made on the sheet beginning at the bottom line (number one) that portion of the sheet was to be removed and returned to the section officer handling registration.

Confidential Informant T-7 advised on February 1, 1953 that he had been instructed to [redacted] as quickly as possible in order that the Party may move on to its next task, that being a [redacted]

Confidential Informant T-8 has reported that the [redacted] County was carried on in the first part of January, 1953. This informant noted that members in that County were interrogated in the same particulars as reported by Confidential Informant T-7. b7D

Status of Communist Party Membership

Confidential Informant T-9 states that he has learned that the CP realizes that it is presently stagnant and the reason for this condition is attributed to the fact that no one trusts any one else. The Party has a feeling that it is infested with "stool pigeons" and therefore is afraid to do anything. This informant has also advised that he has learned that the Party has recently issued instructions for members to become active in trade unions as well as other mass organizations. The instructions were issued in the hope that such activity will arouse the enthusiasm of members from their present feeling of indifference.

NY 100-26603

ADMINISTRATIVE PAGEMEMBERSHIP

(Bufile 100-3-68)
(New York file 100-80638)

This section was prepared by SA JOSEPH V. WATERS.

All security informants on communist matters in the New York Division were questioned concerning their knowledge of membership figures for District Number 2 at the present time, but could give no figures with the exception of Confidential Informant T-6. T-6 has reported that MERCEDES ARROYO, a member of the New York State Committee of the CP, a short time prior to January 27, 1953, had stated to him that the Party is presently dormant. She estimated that the CP at the present time has no more than 20,000 members, contrasting this with 80,000 members in the CP during EARL BROWDER'S period of leadership.

It is believed that this statement by ARROYO was intended to be a rough estimate of the current membership inasmuch as the informant was not seeking actual figures. Furthermore, it is not believed that ARROYO is in a position of such authority to know the actual figures on a national basis.

As an indication that the figure mentioned by ARROYO should be accepted with caution, attention is directed to mylet to the Bureau dated December 18, 1952 entitled, "CP, USA MEMBERSHIP, IS-C", in which letter it was noted that BROWDER in the early part of 1945 had declared that the Party then had 80,000 members whereas in the middle of the same year, 1945, HENRY WINSTON stated that the Party had 52,800 members.

The membership in District 2 was estimated as follows. Bureau letter dated February 10, 1953 sets out that the present estimated membership of the CP, USA is 25,497. With the membership for District Number 2 having been estimated heretofor at 12,000 this leaves a remainder of 13,497 outside of District Number 2.

In a document containing membership figures which apparently represented statistics for all CP Districts in the United States, made available by Informant T-5 on March 30, 1951, it was found that the membership of District Number 2 was 47.475% of the total national membership, while membership in the Districts other than Number 2 was 52.525% of the total national membership.

NY 100-26603

In the belief that this same approximate ratio prevails now as it did as of March 30, 1951, it was computed that there are approximately 12,200 members in District Number 2.

By letter dated March 30, 1953 the Albany office advised that the Communist Party membership total in the area covered by that office is now 209.

By letter dated March 31, 1953 the Buffalo office advised that the total Communist Party membership in the Buffalo Division is 159.

By subtracting the sum of these two figures, 368, from the estimate of 12,200 for all of District #2, it is found that there are an estimated 11,832 Communist Party members in the New York Division.

1953 Registration of Members

Confidential Informant T-5 has described the form used by the Communist Party in its 1953 registration of its members in the Bronx as a mimeographed form 11" long and 7 3/4" wide. It has a number appearing on the upper and lower left-hand corners of the sheet, both numbers being the same. On the left-hand side of the sheet there are numbers from one to ten beginning at the bottom. Also appearing on the sheet are ten columns leaving space for the following information.

Numerical identification	Member Registered
Age of member	
Sex of member	
National Group of Member	
Length of membership in Communist Party	
Occupation	
Union Affiliation with name and number of local	
Membership in mass organization	
Any membership in Labor Youth League	
Indication of Visit to member by police or FBI.	

Confidential Informant T-5 noted that in the course of registration all information noted above is to be obtained concerning each member, with particular reference to his membership in a union and the type of work of that member. The informant had been given to understand that the Party is reverting to the policy of 1951 when every member of an important union or industry was to be placed in a proper unit.

The informant further noted that as each member was registered and notations made on the sheet beginning at the bottom line (number one) that portion of the sheet was to be removed and returned to the section officer handling registration.

NY 100-4931

Confidential Informant T-5 advised on February 1, 1953 that [redacted] as quickly as possible in order that the Party may move on to its next task, that being [redacted]

Status of Communist Party Membership

Confidential Informant T-7 states that he has learned that the CP realizes that it is presently stagnant and the reason for this condition is attributed to the fact that no one trusts any one else. The Party has a feeling that it is infested with "stool pigeons" and therefore is afraid to do anything. This informant has also advised that he has learned that the Party has recently issued instructions for members to become active in trade unions as well as other mass organizations. The instructions were issued in the hope that such activity will arouse the enthusiasm of members from the present feeling of indifference.
